

FLOATING CABIN

CHRISTINE VAN BUSKIRK - CLPCVB019

PIECING:

Note: 1 1/4" wide rectangles are called "skinny" and will finish to 1/2" after trimming. 2 1/4" wide rectangles are called "wide" and will finish to 1 1/2" after trimming. The background pieces are "B", and print pieces are "P".

LOG CABIN - ROUND 1 SKINNY STRIPS

Lay out a 2 1/2" P square, (1) 3", (2) 3 1/2", and (1) 4 1/2" B skinny rectangles as shown. Following instructions for Creative Grids® 10" Log Cabin Duo for constructing a log cabin block, sew these 4 rectangles to the center square in the order shown, pressing to the strip after each is sewn.

Align the Skinny Round 1 square of the Log Cabin Duo with top right of the center P square, and the **Skinny Round 3** square with bottom left of the center P square. Trim two sides. Turn the block 180°, align the same way and trim the other two sides. Block measures 3 1/2" square.
