

PINEAPPLE SIZZLE TOTE

BY JEAN ANN WRIGHT
CLPJAW052

CUTTING INSTRUCTIONS:

5" CHARMS - Second bullet, correction:

- Cut (16) 2 1/2" squares each from 4 light and 4 dark charm squares. Cut all 32 squares in half once on the diagonal for 64 corner triangles.

There have been questions about if 40 charms squares will be enough to make the blocks. It will be, but you must be frugal with the strips when making the pineapple blocks. There will be very little waste from the charm square strips.
