

MY HOUSE

CLPPHA017

BY PENNY HAREN

There are two versions of the Creative Grids Ultimate Flying Geese Tool. Each version included instructions showcasing four different ways to create the flying geese. The following note has been added to this pattern:

Note: The instructions included with the Creative Grids Ultimate Flying Geese Tool show several different methods for creating the flying geese units. To see a tutorial and cutting instructions on each method, visit:

<http://www.debscatsnquilts.com/>. These cutting instructions were written using the Cross-Cut method shown on Deb's website. If you choose to use the Flip-Back method, the yardage for the assorted light fabrics for the sky units will need to be increased to 1 3/4 yards.
