CUTTING INSTRUCTIONS:

FAT QUARTERS

1. Cut each of the fat quarters accordingly: Fold the fat quarters in half so they are about $10\frac{1}{2}" \times 18"$. If you would like, you can stack up to 3 fat quarters at a time. Lay the Creative Grids® Stripology XL ruler on top aligning the fold along one of the horizontal lines. Make your cuts in the 0 slit, $3\frac{1}{2}"$ slit, 7" slit, $10\frac{1}{2}"$ slit and the 14" slit. You should have four, $3\frac{1}{2}" \times 21"$ strips from each of the fat quarters.
